PROFESSIONAL SUMMARY

With five years of experience in app development, I have a proven track record of designing, developing, and deploying mobile applications for Android platforms and IOS platforms. Proficient in a range of programming languages and frameworks, including Java, Kotlin, Dart and Flutter, I possess an in-depth understanding of the mobile app development lifecycle. My strong collaboration skills enable me to work effectively with clients and cross-functional teams to deliver high-quality projects that meet functional requirements and user experience standards.

WORK HISTORY

Mobile App Developer

November 2022 - October 2024

Permanent | Swivt Technologies Pvt. Ltd. | Kathmandu

- Developed various mobile applications with flutter including Papapro, Sayapatri, Faizi and Citi977
